

CLOVER SALON SCHEDULER WITH CASH DISCOUNT

Here at PayMeta Solutions we have a processing solution for merchants that need a booking/scheduling program app that can also eliminate 95% of your current processing fees. The app integrates with your POS system that syncs with your inventory. If a customer uses a credit card it automatically will bump up the charge an extra 4% but if they pay by cash, they get a discount of 4%.

By passing the credit card rate on to your customers this helps merchants eliminate credit card fees. Here is a break down on how much traditional processing on Square can cost a merchant based off monthly volume processed versus using a Cash Discount Program with a true Salon Scheduling App to help your business run more efficient.

Traditional Processing on Square

- Monthly processing volume = 40K
- Square credit card rate 2.75%
- Monthly volume of 40K x 2.75% - Estimated charges of a minimum of \$1,100, plus transaction fees and other monthly fees like online booking fee etc. and minimal reporting
- Monthly Clover POS charge \$40 plus \$10 for each additional device
- Salon Scheduler App with Cash Discount \$60
- Total Monthly Fee \$100
- Monthly savings estimate \$1,000
- FREE Clover Mini with Cash Drawer
- Customer booking with card on file & deposit hold; includes online bookings and forms including waivers
- Multiple customer reminders, wait list, block list, ability to text Google Reviews
- Online reports with remote access from a mobile phone, tablet, and Windows computer
- Reports include line and bar charts for forecasting
- Prompt service and help getting your salon setup with the website templates, services and products added to inventory and importing customer data over
